

Software Solutions

PrecisionView AMR 2.0 software option allows the user to program recipes from a desktop computer and link to other Graco products to produce consolidated reports. AMR 2.0 also easily integrates production data with other plant databases, and is compatible with ODBC and SQL-compliant applications, including Microsoft® Excel, Word, Access and others.

Return-on-Investment

Use this exclusive Return-on-Investment analysis tool to see exactly how much your paint line currently costs you, where there is waste, and best of all, how quickly a Graco ProBatch pays for itself.

| | Typical Scenario | Calculate Your Savings |
|--|------------------|------------------------|
| Paint price per gallon (Typical \$60/gal) | \$60 | <input type="text"/> |
| Gallons used per day (Typical 15 gal [56.78 L]/day) | 15 gal | <input type="text"/> |
| Business days per year | 250 days | <input type="text"/> |
| Total paint cost per year | \$225,000 | <input type="text"/> |
| Total waste per year (Typical 15% per year) | 15% | <input type="text"/> |
| Annual Paint Savings | \$33,750 | <input type="text"/> |

*Actual performance may vary depending upon materials and process.

PROBATCH

ABOUT GRACO

PROVEN QUALITY. LEADING TECHNOLOGY.

Founded in 1926, Graco is a world leader in fluid handling systems and components. Graco products move, measure, control, dispense and apply a wide range of fluids and viscous materials used in vehicle lubrication, commercial and industrial settings.

The company's success is based on its unwavering commitment to technical excellence, world-class manufacturing and unparalleled customer service. Working closely with qualified distributors, Graco offers systems, products and technology which set the quality standard in a wide range of fluid handling solutions. Graco provides equipment for spray finishing, protective coating, paint circulation, lubrication, and dispensing sealants and adhesives, along with power application equipment for the contractor industry. Graco's ongoing investment in fluid management and control will continue to provide innovative solutions to a diverse global market.

PROBATCH™

Electronic Batch Dispense System accurately dispenses multiple-color, plural component paints

FINISHING

PROVEN QUALITY. LEADING TECHNOLOGY.

ProBatch ... Eliminates problems associated with hand mixing!

PART NO. 244441

Finally there's an inexpensive alternative to the expensive kitting of small batches!

ProBatch™ offers an EASY, ACCURATE batch system that will REDUCE WASTE and SAVE MONEY. ProBatch is specifically designed for the cost-conscious individual who uses many colors in low volume.

Part No. 244441
Floor model with 45° tilt screen

Features

- Program up to 250 recipes
- 99-fluid capacity
- Dispenses batches as small as 4 ounces
- Dispenses one to six dedicated fluids
- Centralized dispense of fluids into a cup gun or 5-gallon [18.93 liter] container
- Intrinsicly safe
- Manual-Add features
- Compatible with Graco's PrecisionView™ AMR 2.0 software
- Floor model has 45° tilt screen for easy viewing
- Sliding scale for manual-add
- Adjustable dispense positions reduce splash
- Revolutionary cascading pressure system for fast, accurate dispenses

Key Applications

Finishing

Aerospace
Automotive Feeding
Commercial Airlines
Furniture
Military
Trailers
Signs

Touch Up

Automotive
Farm & Construction
Truck & Bus
Recreational Vehicles

General

Any 2 or 3-component paint application
Industrial
Any application with multiple colors using less than 25 gallons (94.63 liters) per day

FloSync™ Controller
Tracks and adjusts to fluid viscosity for faster and more accurate dispenses.

EasyKey™ Pad
Provides user-friendly menu navigation and data input.

Versatile
Adjustable dispense point allows dispensing from a pint-size container to up to a 5 gallon (18.93 liter) container.

Easy to Maintain
Pull-out drawer feature allows easy cleaning of internal components.

Compatible Fluids

- Solvent-Based Paints/Catalysts
- Solvents
- Lacquers
- Primers
- Waterborne Paints/Catalysts

Easy Installation

Package complete – just add feed system, current, air and electricity.

Accurate
High-resolution, weight-based 50 lb (22.68 kg) scale for accurate dispensing.

Four easy steps to set up and operate the ProBatch system.

1 Easy recipe setup

2 Easy to select dispense recipe and amount

3 Monitor Dispense

4 Batch total summary for ratio assurance
